

Adoran Arts & Sciences Report

Meeting March 2017

By Lord Maelgwn ap Merlin

Adoran Arts and Sciences is not as active as I'd like it to be. We're having a camp decoration competition at Festival this year, with a significant prize for the winner. There will be dancing at our annual event, the Flametree Ball, as well as a bardic competition.

I'm trying to use the onset of Festival to inspire the populace to discuss the things that they are interested in, with limited success.

Once the heraldry for the Shire has been finalised, I'm going to start organising sessions to make Shire tabards, banners and the like.

If anyone has something they would really like to learn about, please make it known to me so that I can help them with it.
