

16/06/2018

Meeting opened at 5:15

Greetings: Lord Titus

Officer reports:

Marshal: Lord Maelgwn

- No injuries to report since last meeting
- Lord Theo was the victor of the heavy tourney, and Don Caleb the victor of the rapier tourney at Flametree Ball
- Cold War event, Adora's first war event approaching soon. Exciting times!
- Maelgwn is still moving and will sort out training arrangements when he and Gwen have settled down.

Reeve: Lord Jochen

- Tourney by the Sea brought a total profit of \$66.44 to the group account and was a very successful event for our group.
- Brain has handed over the remaining reeve's paperwork to Jochen

Storage options for Shire equipment: Lord Titus

- The final solution for long term storage of the shire equipment is to be decided upon at the next meeting
- It was suggested that the pavilion be kept at the festival site, as that is where it gets used, and split the remaining gear between individual members to manage.
- Another option would be to utilise payed storage options, such as hiring a container in a storage lot, however this will be a drain on our finite monetary resources. Will be assessed before next meeting.
- Brian has offered a temporary storage option with his family.

Festival Wrap up: Lord Maelgwn

- The festival campsite was a success and had a decent amount of people camping in Adora.
- The college was welcomed and enjoyed being in the Adoran campsite
- The Shire participated in both the tourneys and the wars

Comic Gong Wrap up:

- The demo was a huge success and we gained a large amount of media attention, and a few newbies who are keen and attending events.
- Now that we have been there once and gotten a judge of the crowd and site, we can plan better for next year's demo.

Hamlet in Eurobadalla area: Lord Jochen

- Training is to begin in a hall, the cost using the hall is \$40 a week, and the members of the hamlet are currently carrying the costs of hall hire themselves.

- There has been a constant increase of numbers and membership, which is great to see. Keep it up!
- Jochen intends to propose a name and device for the hamlet at Cold War, to be decided upon by the inhabitants of the hamlet only.
- There is an intent to do fundraising in the hamlet, and it has been asked that as the fundraising is being done by members of the hamlet, that a portion of the funds raised be held exclusively for use in buying loaner gear, equipment, and otherwise beneficial gear for the hamlet. Motion proposed by Jochen, seconded by Titus, passed unanimously.

Missing walls for pavilions: Lord Jochen

- Apparently, we are missing walls for the pavilions. We shall attempt to find them.

Meeting ended at 5:53pm.

A. R. Smith.
W. J. Jochen.
